EXPERIENCE

UX Design Lead

Dolittle AS | Oslo, NO

January 2021 - Present

Collaborate in an agile manner with product owner and developers to ensure a user-focused approach to our product and coordinate design mockups with tech feasibility and product timeline.

Create high fidelity mockups and prototypes using agile workflows while aligning business value with user needs. Conduct usability testing and iterate.

Conduct user research and product testing to help strategize feature prioritization and scoping.

Spearheading Dolittle's design guidelines using MUI's component library and translating those guidelines into branding material for company-wide use including marketing, sales and investor pitch decks.

UX-UI + Graphic Designer

Freelance Designer | Osnabrück, DE & Oslo, NO

January 2020 - January 2022

Designed a financial tracking using design ideation processes and continue to iterate on the user experience with developer based in Australia.

Designed custom graphics, including event invites, marketing materials and book covers for clients using Adobe Illustrator and Affinity Designer.

Registered Interior Designer + Project Manager

Tom Stringer Design Partners | Chicago IL, US

July 2014 - December 2019

Managed projects ranging from \$250,000-\$5MIL in revenue.

Collaborated with cross-functional teams to iterate on design.

Developed and conducted client presentations.
